AARYAN GAIKWAD

aaryang970@gmail.com – (215)-347-4712 – Pittsburgh, PA

EDUCATION

University of Pittsburgh
Bachelor of Science in Computer Science

May 2024
Pittsburgh, PA

WORK EXPERIENCE

SAP
Software Engineering Intern

May 2021 – November 2021
Newtown Square, PA

- Spearheaded the development of a bot that is capable of mapping cells in an excel spreadsheet to a section in a PowerPoint slide. This reduced the time for the original task from a few hours to a few minutes. Made for a consultant team within SAP. This bot improved workflow by almost 90%.
- Oversaw the development of a bot that is able to scrape failed purchase orders and email them to the IT Department. Cut down manual lookup time by 85%.

University of Pittsburgh
Teaching Assistant

August 2021 – December 2021
Pittsburgh, PA

- Handpicked by a computer science professor to become a Teaching Assistant.
- Responsible for leading weekly labs to go over programming fundamentals.
- Graded coding projects and labs written by the students.
- Held office hours every week to answer questions from students.

University of Pittsburgh
Peer Mentor

August 2021 – Present
Pittsburgh, PA

- Became a peer mentor sponsored by the computer science club within my university.
- Assisted underclassmen on how to get internships and navigate through the university curriculum.
- Instructed students on coding projects and which courses to take at the university.

SKILLS

- Programming Languages: Java, Python, JavaScript, NodeJS, C++, C, HTML/CSS

PROJECTS

Personal Website JavaScript, HTML/CSS
Created a personal website utilizing HTML, CSS, and JavaScript. The website showcases my accomplishments and schoolwork projects.

Discord Weather Bot Python
Developed a bot using the Discord API and National Weather Service API. The user must call the bot in Discord with an area code and that makes a call to the National Weather Service API, which in turn returns the weather for an area.
